

REMEMBER !

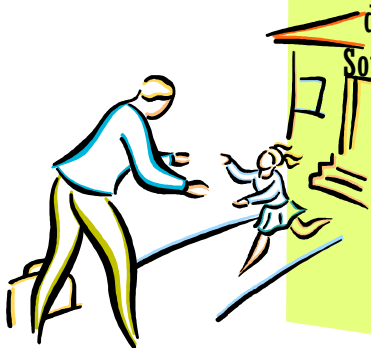

Thursday, March 11th is Southborough Unscheduled

A Non-Event!

On this evening residents of Northborough, Southborough and several other Massachusetts communities are, **"stepping off the fast track and stepping towards each other."**

On this night, there will be no homework, practices or meetings in the town of Southborough. Parents are encouraged to come home from work in time for a family dinner, cancel or reschedule evening meetings that take place outside of Southborough and make this night special for the entire family by taking a step back from the busy, harried, scheduled lives we all lead.

In fact, it is really a "non-event".
